

Nomination Guidelines

Research Awards for Family Medicine Residents

A complete nomination for the Research Awards for Family Medicine Residents must include:

- Whether your nominee has been informed of the nomination
- Your nominee's contact information
- The contact information of additional nominees if you are nominating a team (names and emails)
- The name of the nominee's university
- The title of the research project
- The area of investigation (clinical, basic services, medical education, medical ethics, other)
- Nominators are required to delineate their contribution to the team and explain the article's significance to Family Medicine.

In separate documents uploaded as PDFs, please provide:

- A brief CV (maximum four pages) for each eligible member of the research team
- An abstract describing the research project
- A complete manuscript, including a bibliography and illustrations
